

JEEP GRAND CHEROKEE

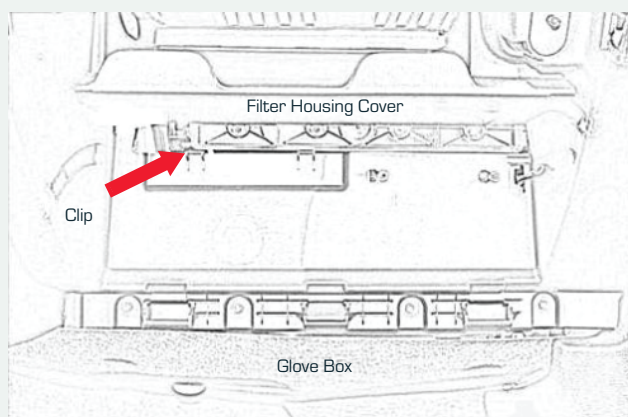

FILTER IS LOCATED BEHIND THE GLOVE BOX

WORK PROCEDURE

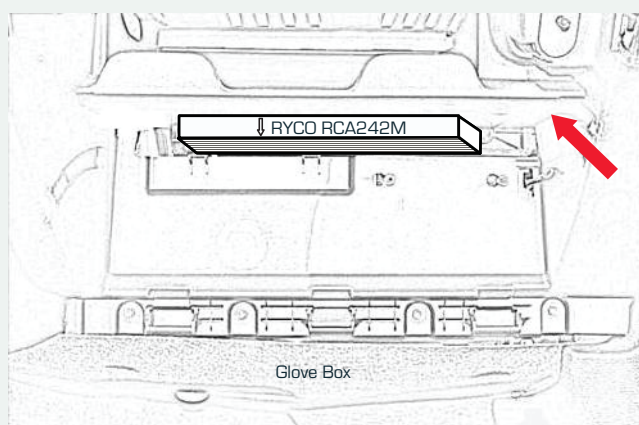

- 1 Unlock and loosen down glove box and remove the two retainers on both sides of glove box.
- 2 Remove the clip on the side of the filter housing cover. Open the cover to locate the cabin filter.
- 3 Replace old cabin filter with the new cabin air filter and ensure the air flow arrow is pointing to the floor. Refit filter housing cover and glove box. Dispose of used filter correctly.
