

FITTING INSTRUCTIONS FOR RYCO CABIN AIR FILTER RCA378C

TOYOTA CAMRY, COROLLA, HIACE & GRANVIA

Cabin air filter is located behind glove box

1. The cabin air filter housing is located behind the glovebox. To gain access, the glove box must be opened and lowered.

2. Separate the side strut from the glove box. To release the opening stops push inwards on the glove box side walls. Remove glove box from hinge.

3. With the glove box removed the cabin air filter housing is exposed. Remove the cabin air filter housing cover. Remove the old cabin air filter and cabin air filter tray. Remove any remaining debris in the housing.

4. Insert the new filter into the cabin air filter tray. Note the direction of the flow arrow. Install the cabin air filter and tray into the cabin air filter housing. Refit all components in reverse order.
